4. (Continued)

- At the old fort on Monte Asino. This is strongly manned and the Yugoslavs have installed an additional coast defense gun (type unknown), besides the one left there by the Germans.
- d. At Punto Bianca where the German-built fortifications have been restored, and are manned by about 100 men.
- c. At a point just south of C. Micolic, where new barracks are under construction.
- f. At Ossero, the swing bridge destroyed during the war is still unrepaired.
- 6. We radio station is reported on the island.
- 7. The shippards are seriously handicapped by lack of material and skilled labor. Only repair work on very small craft can be carried out. Control of more ment of all craft is very strict as crews are often anxious to escape to Italy.
